LANDSCAPE AND IRRIGATION MAINTENANCE SERVICES REQUEST FOR PROPOSALS SILVERADO COMMUNITY DEVELOPMENT DISTRICT Pasco County, Florida

Notice is hereby given that the Silverado Community Development District ("District") will accept proposals from qualified firms ("Proposers") interested in providing landscape and irrigation maintenance services, all as more specifically set forth in the Project Manual. The Project Manual, including among other materials, contract documents, project scope and any technical specifications, will be available for public inspection and may be obtained by sending a email to gillyardd@whhassociates.com. In order to submit a proposal, each Proposer must (1) be authorized to do business in Florida, and hold all required state and federal licenses in good standing; and (2) have at least five (5) years of experience with landscape maintenance projects. The District reserves the right in its sole discretion to make changes to the Project Manual up until the time of the proposal opening, and to provide notice of such changes only to those Proposers who have attended the pre-proposal meeting and registered.

 $}_{SS}$

Firms desiring to provide services for this project must submit one (1) written proposal AND a PDF file on a flash-drive no later than October 20, 2021 at 2:00 PM (EST) at 2300 Glades Road, Suite 410W, Boca Raton, Florida 33431, Attention: Daphne Gillyard. Additionally, as further described in the Project Manual, each Proposer shall supply a proposal bond or cashier's check in the amount of \$25,000 with its proposal. Proposals shall be submitted in a sealed package that shall bear "RESPONSE TO REQUEST FOR PROPOSALS (Silverado Community Development District – Landscape & Irrigation Maintenance) ENCLOSED" on the face of it. Unless certain circumstances exist where a public opening is unwarranted, proposals will be publicly opened at the time and date stipulated above; those received after the time and date stipulated above may be returned un-opened to the Proposer. Any proposal not completed as specified or missing the required proposal documents may be disqualified.

Any protest regarding the Project Manual, including but not limited to protests relating to the proposal notice, the proposal instructions, the proposal forms, the contract form, the scope of work, the maintenance map, the specifications, the evaluation criteria, the evaluation process, or any other issues or items relating to the Project Manual, must be filed in writing, within seventy-two (72) hours after issuance of the Project Manual. The formal protest setting forth with particularity the facts and law upon which the protest is based shall be filed within seven (7) calendar days after the initial notice of protest was filed. Failure to timely file a notice of protest or failure to timely file a formal written protest shall constitute a waiver of any right to object or protest with respect to aforesaid plans, specifications or contract documents. Additional information and requirements regarding protests are set forth in the Project Manual and the District's Rules of Procedure, which are available from the District Manager, 2300 Glades Road, Suite 410W, Boca Raton, Florida 3431, or by sending an email to gillyardd@whhassociates.com, (561)571-0010.

Rankings will be made based on the Evaluation Criteria contained within the Project Manual. Price will be one factor used in determining the proposal that is in the best interest of the District, but the District explicitly reserves the right to make such award to other than the lowest price proposal. The District has the right to reject any and all proposals and waive any technical errors, informalities or irregularities if it determines in its discretion it is in the best interest of the District to do so. Any and all questions relative to this project shall be directed in writing by e-mail only to Jere Earlywine at jere@kelawgroup.com, Katie lbarra at katie@kelawgroup.com and Barry Mazzoni at bmazzoni@accessdifference.com with a further copy to: Cindy Cerbone, cerbonec@whhassociates.com.

Instructions to Proposers

- 1. **DUE DATE.** One (1) written sealed proposal ("**Proposals**") with a PDF file on a flash-drive must be received by interested parties ("**Proposer**") no later than October 20, 2021, at 2:00 PM (EST) at the offices of Wrathell, Hunt & Associates, LLC, 2300 Glades Road, Suite 410W, Boca Raton, Florida 33431, Attention: Daphne Gillyard. Unless certain circumstances exist where a public opening is unwarranted, proposals will be publicly opened at that time. Proposals received after the time and date stipulated above will not be considered.
- **2. SUMMARY OF SCHEDULE.** The District anticipates the following RFP schedule, though certain dates may be subject to change:

DATE	EVENT
September 19, 2021	RFP Notice is issued.
September 20, 2021	RFP package available for download.
October 8, 2021 @ 9:00 AM (EST)	Mandatory Pre-bid meeting at 6270 Silverado Ranch Blvd. Zephyrhills, FL 33541.
October 15, 2021 at 5:00 PM (EST)	Deadline for questions.
October 20, 2021 at 2:00 PM (EST)	Proposals submittal deadline.
October 20, 2021 at 2:15 PM (EST)	Bid opening.

3. PRE-PROPOSAL MEETING. [RESERVED.]

- **4. SIGNATURE ON PROPOSAL.** Each Proposer must correctly execute all forms, affidavits, and acknowledgments for which signature and notary blocks are provided. Anyone signing the Proposal as agent shall file with the Proposal legal evidence of his authority to do so.
- **5. PROPOSAL GUARANTEE.** Each Proposer shall submit a proposal guarantee in the form of a proposal bond or cashier's check in the amount of Twenty Five Thousand Dollars (\$25,000) with its Proposal ("**Proposal Guarantee**"). The Proposal Guarantee shall be held until the time of award of contract but not to exceed ninety (90) days from the submittal deadline at which time the Proposal Guarantee shall be returned to each unsuccessful Proposer. If the successful Proposer does not enter into the Contract within the time frames set forth herein, the Proposer shall forfeit its Proposal Guarantee to the District.
- 6. **FAMILIARITY WITH THE PROJECT.** The Proposer, by and through the submission of the Proposal, agrees that he shall be held responsible for having heretofore examined the project site, the location of all proposed work and for having satisfied himself from his own personal knowledge and experience or professional advice as to the character, conditions, and location of the site, the nature of the turf, shrubs, trees, palms, vegetation, weeds, sprinklers and irrigation systems, roads, sidewalks and paved paths, ground, surface and subsurface, and any other conditions surrounding and affecting the work, any obstruction, the nature of any existing construction, and all other physical characteristics of

the job, in order that the Proposer may include in the prices which the Proposer proposes all costs pertaining to the work and thereby provide for the satisfactory landscape maintenance thereof. The Proposer agrees to accept the site in an "as is" condition, and hold its prices for the period set forth in this proposal package, regardless of any changes to the site that may occur from the time of Proposal submission and through the time of contract award and the start of any work under the contract. The Proposer, in preparing the Proposal, shall take into consideration that work by other contractors may be in progress at or near the site and that the Proposer shall not interfere with work done by such other contractors. IN THE EVENT THAT THE SITE IS NOT TO INDUSTRY STANDARD CONDITIONS, THE PROPOSER SHALL SUBMIT AS PART OF ITS PROPOSAL, A LIST OF ITEMS AND PROPOSED PRICING FOR BRINGING THE SITE UP TO INDUSTRY STANDARD CONDITIONS. OTHERWISE, THE PROPOSER SHALL BEDEEMED TO HAVE ACCEPTED THE SITE AND SHALL MAINTAIN THE SITE IN A CONDITION CONSISTENT WITH INDUSTRY STANDARDS AND AT THE LUMP SUM PRICING SET FORTH IN THE PROPOSAL.

- **7. FAMILIARITY WITH THE LAW.** By submitting a Proposal, the Proposer is assumed to be familiar with all federal, state, and local laws, ordinances, rules and regulations that in any manner affect the work as well as the District's operating rules and procedures. Ignorance on the part of the Proposer will in no way relieve it from responsibility to perform the work covered by the proposal in compliance with all such laws, ordinances and regulations.
- **8. PROJECT MANUAL.** The "Project Manual," and any addenda thereto, will be available from the District Manager's office by sending an email to gillyardd@whhassociates.com.
- **9. QUALIFICATIONS OF PROPOSER.** The contract, if awarded, will only be awarded to a responsible Proposer who is qualified by experience to do the work specified herein at the sole and absolute discretion of the District. The Proposer shall submit with its Proposal satisfactory evidence of experience in similar work and show that it is fully prepared with the necessary organization, capital, and equipment to complete the work to the satisfaction of the District.
- 10. SUBMISSION OF ONLY ONE PROPOSAL. Proposers shall be disqualified and their proposals rejected if the District has reason to believe that collusion may exist among the Proposers, the Proposer has defaulted on any previous contract or is in arrears on any previous or existing contract, or for failure to demonstrate proper licensure and business organization.
- 11. INTERPRETATIONS AND ADDENDA. All questions about the meaning or intent of the Project Manual are to be directed in writing, via e-mail only, to Jere Earlywine at jere@kelawgroup.com, Katie Ibarra at katie@kelawgroup.com and Barry Mazzoni at bmazzoni@accessdifference.com with a further copyto cerbonec@whhassociates.com. Additionally, the District reserves the right in its sole discretion to make changes to the Project Manual up until the time of the Proposal opening. Interpretations or clarifications considered necessary in response to such questions will be issued by Addenda to all parties. Questions received after September 30, 2021 at 5:00 PM (EST) will not be answered. Answers to all questions will be provided to all Proposers by e-mail. Only questions answered by formal written Addenda will be binding. No interpretations will be given verbally. No inquiries will be accepted from subcontractors; the Proposer shall be responsible for all queries.
- 12. SUBMISSION OF PROPOSAL. Submit one (1) written proposal & one (1) digital PDF copy (flash drive or disc required), along with other requested attachments, at the time and place indicated herein, which shall be enclosed in an opaque sealed envelope, marked with the project title and name and address of the Proposer and accompanied by the required documents. If the Proposal is sent

through the mail or other delivery system, the sealed envelope shall be enclosed in a separate envelope with a notation "RESPONSE TO REQUEST FOR PROPOSALS (Silverado Community Development District – Landscape & Irrigation Maintenance) ENCLOSED" on the face of it. All costs to prepare and submit a response shall be borne by the Proposer.

- **13. MODIFICATION AND WITHDRAWAL.** Proposals may be modified or withdrawn by an appropriate document duly executed and delivered to the place where Proposals are to be submitted at any time prior to the time and date the proposals are due. No Proposal may be withdrawn after opening for a period of ninety (90) days.
- 14. PROPOSAL FORMS. All blanks on the Proposal forms must be completed in ink or typewritten. The Proposal shall contain an acknowledgment of receipt of all Addenda. In making its Proposal, each Proposer represents that it has read and understands the Project Manual and that the Proposal is made in accordance therewith, including verification of the contents of the Project Manual against the Table of Contents. Proposer shall provide in the Proposal a complete breakdown of both unit quantities and unit costs for each separate item associated with landscaping & irrigation maintenance plan and technical specifications. The quantities and unit costs for landscaping materials shall be provided by the Proposer in accordance with the Project Manual.
- **15. PROPOSAL INFORMATION.** All Proposals should include the following information, among other things described herein:
 - A. A completed and executed Proposal Form, with all of its four parts and any attachments, as well as executed copies of the Affidavit Regarding Proposal, the Sworn Statement Regarding Public Entity Crimes, and the Sworn Statement Regarding Scrutinized Companies.
 - B. A listing of the position / title and corporate responsibilities of key management or supervisory personnel (forms attached). Include resumes for each person listed, and list years of experience in present position for each party listed and years of related experience.
 - C. Describe proposed staffing levels, including information on current operations, administrative, maintenance and management staffing of both a professional and technical nature, including resumes for staff at or above the project manager level.
 - D. Information related to other projects of similar size and scope for which Proposer has provided, or is currently providing, landscape and irrigation maintenance services (forms attached).
 - E. At least three references from projects of similar size and scope. The Proposer should include information relating to the work it conducted for each reference as well as a name, address and phone number of a contact person.
 - F. A narrative description of the Proposer's approach to providing the services as described in the scope of services provided herein.

- G. Completed proposal pricing. All responses must itemize the cost for each of the items described in the Project Manual and break out all costs, such as the number of mowings by month, dollar value by event, etc. Unit costs for mulch and annuals, including installation, should be provided but not included in the contract amount as these services shall be rendered at the discretion of the District's Board of Supervisors.
- 16. INSURANCE. All Proposers shall include as part of their proposal a current Certificate of Insurance demonstrating that the company's ability to meet the insurance coverage requirements set forth in the attached Contract form provided herein. In the event the Proposer is notified of award, it shall provide proof of the Insurance Coverage identifying the District, its officers, employees and agents as additional insureds, as stated in the Contract form provided herein, within fourteen (14) calendar days after notification, or within such approved extended period as the District may grant. Failure to provide proof of insurance coverage shall constitute a default.
- 17. FINANCIALS. In evaluating and scoring the proposals, the District will consider the financial capability of each Proposer, and as such each Proposer should submit relevant information regarding financial capability. In the event the Proposer is notified of award, the District may in its sole discretion require that the Proposer provide sufficient proof of financial capability, including, if requested, audited financial statements from the last three years.
- **18. BASIS OF AWARD/RIGHT TO REJECT.** The District reserves the right to reject any and all proposals, in its sole and absolute discretion, make modifications to the work, and waive any informalities or irregularities in proposals as it is deemed in the best interests of the District.
- District or as otherwise extended by the District, the Proposer shall enter into and execute a Contract in substantially the form included in the Project Manual. If a Proposer to whom a contract is awarded forfeits and fails to execute a contract agreement within the aforementioned timeframe, the contract award may be annulled at the District's option. If the award is annulled, the District may, at its sole discretion, award the contract to the next highest ranked Proposer for the contract work, re- advertise, perform the work by day/temporary labor, or through in-house operations. The District and the selected contractor ("Contractor") will execute a contract for a specified term. Upon expiration or termination of any existing contract for landscape maintenance services, Contractor, if requested by the District, agrees to perform the services on a month-to-month basis until either party has provided the other party written notice of its election to renew or terminate the contract agreement. This RFP does not guarantee that a contract will be awarded. The District reserves the exclusive right to reject any and all Proposals. The District reserves the right to award by items, groups of items, or total proposal.
- 20. MANDATORY AND PERMISSIVE REQUIREMENTS. Notwithstanding anything else within the Project Manual, the only mandatory requirements of this Project Manual are that each Proposer must (1) be authorized to do business in Florida, (2) hold all required state and federal licenses in good standing; and (3) have at least five (5) years of experience as a landscape and irrigation maintenance contractor. All other requirements set forth in the Project Manual shall be deemed "permissive," in thata Proposer's failure to meet any requirement described in mandatory terms such as "shall," "will," "mandatory," or similar language does not automatically disqualify the Proposer's Proposal, but instead in the Board's discretion may result in the disqualification of a Proposal or alternatively may be taken into account in the evaluation and scoring of the Proposal.

- **21. INDEMNIFICATION.** The successful Proposer shall fully indemnify, defend and hold harmless the District and its officers, agents, and employees from and against all claims, damages, costs and losses arising, in whole or in part, from Contractor's negligence or breach of contract, as more fully set forth in the agreement form, provided herein.
- **22. LIMITATION OF LIABILITY.** Nothing herein shall be construed as or constitute a waiver of District's limitations on liability contained in Section 768.28, Florida Statutes, or other statute or law.
- 23. **EVALUATION OF PROPOSALS.** The proposals shall be ranked based on criteria presented in the Evaluation Criteria sheets contained within the Project Manual. The Board shall review and evaluate the Proposals in their individual discretion, and make any final determination with respect to the award of a final contract that is in the best interests of the District. Chapter 112, Florida Statutes, will govern any voting conflicts of interest, and as such a voting conflict of interest may arise solely where there is a personal financial interest relating to the contract award.

Proposals may be held by the District for a period not to exceed ninety (90) days from the date of proposal opening for the purposes of reviewing the proposals and investigating the qualifications of the Proposers, prior to executing a contract agreement. During this time, all provisions of the submitted proposal must be in effect, including pricing. The District may visit the Proposer's facilities as part of the evaluation process. The District also reserves the right to seek clarification from prospective firms on any issue in a response, invite specific firms for site visits or oral presentations, or take any action it feels necessary to properly evaluate the submissions and construct a solution in the District's best interest. Failure to submit the requested information or required documentation may result in the lessening of the proposal score or the disqualification of the proposal response.

- **24. COLLUSION.** Proposers shall be disqualified and their proposals rejected if the District has reason to believe that collusion may exist among the Proposers, the Proposer has defaulted on any previous contract or is in arrears on any previous or existing contract, or for failure to demonstrate proper licensure and business organization.
- 25. BLACK OUT PERIOD/CONE OF SILENCE. The black out period is defined as between the time the Request for Proposals is issued by the District and the time the Board awards the contract. During this black out period, and except as otherwise expressly authorized herein, any attempt to communicate either directly or indirectly with District staff or officials related to this solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication, will result in disqualification of their award and/or contract. This does not apply to pre-solicitation conferences, contract negotiations, or communications with staff not concerning this solicitation.
- **26. PRICING.** Proposers shall submit their price information on the supplied forms with all blank spaces completed. Proposers shall also sign the required form. Each line item shall be clearly stated and cover all charges including incidental expenses, applicable taxes, insurance, overhead and profit. Proposers will not be allowed to make any substitutions in materials, quantities or frequencies during the proposal process. Proposers shall guarantee that their pricing to the District shall not increasethroughout the term of the contract agreement executed.
- **27. REFERENCE TERMS.** Any headings in this document are for the purposes of reference only and shall not limit or otherwise affect the meaning thereof. Any reference to gender shall be

construed to include all genders, firms, partnerships and corporations. References in the singular shall be construed to include the plural and references in the plural shall be construed to include the singular.

- **28. ADDITIONAL TERMS AND CONDITIONS.** No additional terms and conditions included with the proposal response shall be evaluated or considered and any and all such additional terms and conditions shall have no force and effect and are inapplicable to this proposal. If submitted either purposefully through intent or design or inadvertently appearing separately in transmitting letters, specifications, literature, price lists or warranties, it is understood and agreed the general and special conditions in this solicitation are the only conditions applicable to this proposal and the Proposer's authorized signature affixed to the proposal attests to this.
- 29. PROTESTS. Any protest relating to the Project Manual, including but not limited to protests relating to the proposal notice, the proposal instructions, the proposal forms, the contract form, the scope of work, the maintenance map, the specifications, the evaluation criteria, the evaluation process, or any other issues or items relating to the Project Manual, must be filed in writing, within seventy-two (72) hours (excluding Saturdays, Sundays, and official holidays of the State of Florida) after issuance of the Project Manual (i.e., by no later than September 22, 2021 5:00 PM (EST)), and any protest relating to a decision regarding a contract award or rejection of proposal(s) must be filed within seventy-two (72) hours (excluding Saturdays, Sundays, and official holidays of the State of Florida) after issuance of a notice of such a decision. Such protests must be filed at: Wrathell, Hunt & Associates, LLC, 2300 Glades Road, Suite 410W, Boca Raton, Florida 33431, Attention: Daphne Gillyard. A formal protest setting forth with particularity the facts and law upon which the protest is based shall be filed within seven (7) calendar days after the initial notice of protest was filed. Failure to timely file a notice of protest or failure to timely file a formal written protest shall constitute a waiver of any right to object or protest relating to the aforesaid Project Manual.

Any person who files a notice of protest shall provide to the District, simultaneous with the filing of the notice, a protest bond with a responsible surety to be approved by the District and in the amount equal to twenty percent (20%) of the anticipated total contract award (including the initial one year term of the contract and all renewal terms) that is the subject of the protest. If the protest relates to the Project Manual, or a decision to reject all proposals, the protest bond shall be in the amount of One Hundred Thousand Dollars (\$100,000.00). In the event the protest is successful, the protest bond shall be refunded to the protestor. In the event the protest is unsuccessful, the protest bond shall be applied towards the District's costs, expenses and attorney's fees associated with hearing and defending the protest. In the event that the protest is settled, the protest bond may be applied as set forth in the settlement agreement. No proposer shall be entitled to recover any costs of proposal preparation from the District, regardless of the outcome of any protest.

proposers will receive a percentage of this amount based upon a formula which divides the low bid by

the proposer's bid and is then multiplied by the number of points possible in this part of the Price evaluation.

EXAMPLE: Contractor "A" turns in a bid of \$210,000 and is deemed to be low bid and will receive the full 20 points. Contractor "B" turns in a bid of \$265,000. Bid "A" is divided by Bid "B" then multiplied by the number of points possible (20). $(210,000/265,000) \times 20 = 15.85$, therefore, Contractor "B" will receive 15.85 of 20 possible points. Contractor "C" turns in a bid of \$425,000. Bid "A" is divided by Bid "C" then multiplied by the number of points possible (20). $(210,000/425,000) \times 20 = 9.88$, therefore, Contractor "C" will receive 9.88 of 20 points.

6.	Reasonableness of ALL Numbers	(15 Points Possible)	(Points Awarded)
	Up to fifteen (15) points will be awa (including, but not limited to fertilizarements) provided, including Parts 2 ules.	zer quantities, mulch quan	tities based on Contractor's field

PROPOSAL FORM PART IV PRICING

NOTE: This pricing form is intended to cover pricing for the initial one year term of the contract. It is assumed that prices will remain the same through each of the three potential annual renewal terms. If the Proposer intends to change pricing for any renewal term, then the Proposer should submit multiple pricing forms, one for each renewal term. Otherwise, the prices stated below will be binding for the initial one year term, and any annual renewal terms.

Having carefully examined the specifications and having thoroughly inspected said property, the undersigned proposes to furnish all labor, materials and proper equipment for the entire scope of work, in accordance with said specifications, for the sum of:

- 5. I understand that a "public entity crime" as defined in Section 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any proposal or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
- 6. I understand that "convicted" or "conviction" as defined in Section 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.
- 7. I understand that an "affiliate" as defined in Section 287.133(1)(a), Florida Statutes, means:
 - 1. A predecessor or successor of a person convicted of a public entity crime; or,
 - 2. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents whoare active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

8.	I understand that a "person" as defined in Section 287.133(1)(e), Florida Statutes, means any natural
	person or entity organized under the laws of any state or of the United States with the legal power
	to enter into a binding contract and which proposals or applies to proposal on contracts for the
	provision of goods or services let by a public entity, or which otherwise transacts or applies to
	transact business with a public entity. The term "person" includes those officers, directors,
	executives, partners, shareholders, employees, members, and agents who are active in
	management of an entity.

9.

management of an entity.
Based on information and belief, the statement which I have marked below is true in relation to the Proposer submitting this sworn statement. (Please indicate which statement applies.)
Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity, have been charged with and convicted of a public entity crime subsequent to July 1, 1989.
The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members or agents who are active in management of the entity or an affiliate of the entity, has been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND (please indicate which additional statement applies):
There has been a proceeding concerning the conviction before an Administrative Law Judge of the State of Florida, Division of Administrative Hearings. The final order entered by the Administrative Law Judge did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)
The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before an Administrative Law Judge of the State of Florida, Division of Administrative Hearings. The final order entered by the Administrative Law Judge determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)
The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Florida Department of Management Services.)

Under penalties of perjury under the laws of the State of Florida, I declare that I have read the foregoing Sworn Statement under Section 287.133(3)(a), Florida Statutes, Regarding Public Entity Crimes and all of the information provided is true and correct.

RECITALS

WHEREAS, the District was established for the purpose of planning, financing, constructing, operating and/or maintaining certain infrastructure, including landscaping and irrigation; and

WHEREAS, the District has a need to retain an independent contractor to provide, for certain lands within the District, certain landscape and irrigation maintenance services; and

WHEREAS, to solicit such services, the District conducted a competitive proposal process based on a "Project Manual," and determined to make an award of a contract for landscape and irrigation maintenance services to the Contractor, based on certain proposal pricing provided by Contractor; and

WHEREAS, Contractor desires to provide such services, and represents that it is qualified to do so.

NOW, THEREFORE, in consideration of the mutual covenants contained in this Agreement, it is agreed that the Contractor is hereby retained, authorized, and instructed by the District to perform in accordance with the following covenants and conditions, which both the District and the Contractor have agreed upon:

- 1. **INCORPORATION OF RECITALS.** The recitals stated above are true and correct and are incorporated by reference as a material part of this Agreement.
- 2. **SCOPE OF SERVICES.** The Contractor shall provide the services described in the Scope of Services attached hereto as **EXHIBIT A** and for the areas identified in the Landscape Maintenance Areas Exhibit attached hereto as **EXHIBIT D** ("Work"). The Contractor agrees that the Landscape Maintenance Areas Exhibit attached hereto as **EXHIBIT D** is the District's best estimate of the District's landscape needs, but that other areas may also include landscaping that requires maintenance. The Contractor agrees that the District may, in its discretion, add up to 0.5 acre(s) of landscaping area to the Work, with no adjustment to price, and may add additional acreage of landscaping area to the Work beyond the 0.5 acre(s) using the unit pricing set forth in **EXHIBIT B**. The Contractor shall perform the Work consistent with the presently established, high quality standards of the District, and shall assign such staff as may be required for coordinating, expediting, and controlling all aspects of the Work. Contractor shall solely be responsible for the means, manner and methods by which its duties, obligations and responsibilities are met to the satisfaction of the District. Notwithstanding any other provision of this Agreement, the District reserves the right in its discretion to remove from this Agreement any portion of the Work and to separately contract for such services. In the event that the District contracts with a third party to install certain landscaping or to otherwise perform services that might

otherwise constitute a portion of the Work, Contractor agrees that it will be responsible for any such landscaping installed by the third party, and shall continue to perform all other services comprising the Work, including any future services that apply to the landscaping installed by the third party or to the areas where services were performed by the third party.

3. **MANNER OF CONTRACTOR'S PERFORMANCE.** The Contractor agrees, as an independent contractor, to undertake the Work as specified in this Agreement or any Additional Services Order (see Section 7.c. herein) issued in connection with this Agreement. All Work shall be performed in a neat and professional manner reasonably acceptable to the District and shall be in accordance with industry standards, such as USF, IFAS, etc. The Contractor shall document all Work using the forms attached hereto as part of **EXHIBIT C.** The performance of all services by the Contractor under this Agreement and related to this Agreement shall conform to any written instructions issued by the District.

In the event that time is lost due to heavy rains ("Rain Days"), the Contractor agrees to reschedule its employees and divide their time accordingly to complete all scheduled services during the same week as any Rain Days. The Contractor shall provide services on Saturdays if needed to make up Rain Days with prior notification to, and approval by, the District Representatives (defined below).

Contractor in conducting the Work shall use all due care to protect against any harm to persons or property. If the Contractor's acts or omissions result in any damage to property within the District, including but not limited to damage to landscape lighting, irrigation system components, entry monuments, etc., the Contractor shall immediately notify the District and repair all damage — and/or replace damaged property — to the satisfaction of the District.

Contractor shall maintain at all times strict discipline among its employees and shall not employ for work on the project any person unfit or without sufficient skills to perform the job for which such person is employed. All laborers and foremen shall perform all Work on the premises in a uniform to be designed by the Contractor, and shall maintain themselves in a neat and professional manner. No smoking in or around the buildings will be permitted. No Contractor solicitation of any kind is permitted on property.

4. **MONITORING OF SERVICES.** The District shall designate in writing one or more persons to act as the District's representatives with respect to the services to be performed under this Agreement ("District Representatives"). The District Representatives shall have complete authority to transmit instructions, receive information, interpret and define the District's policies and decisions with respect to materials, equipment, elements, and systems pertinent to the Contractor's services. This authority shall include but not be limited to verification of correct timing of services to be performed, methods of pruning, pest control and disease control. The District hereby designates Cindy Cerbone and Barry Mazzoni to act as the District Representatives. The Contractor shall <u>not</u> take direction from anyone other than the District Representatives (e.g., the Contractor shall <u>not</u> take direction from individual District Board Supervisors, any representatives of any local homeowner's associations, any residents, etc.). The District shall have the right to change its designated representatives at any time by written notice to the Contractor.

The Contractor shall provide to management a written report of work performed for each week with notification of any problem areas and a schedule of work for the upcoming month. Further, the Contractor agrees to meet the District Representatives no less than one (1) time per month to inspect the property to discuss conditions, schedules, and items of concern regarding this Agreement.

If the District Representatives identify any deficient areas, the District Representatives shall notify the Contractor whether through a written report or otherwise. The Contractor shall then within the time period specified by the District Representatives, or if no time is specified within forty-eight (48) hours, explain in writing what actions shall be taken to remedy the deficiencies. Upon approval by the District, the Contractor shall take such actions as are necessary to address the deficiencies within the time period specified by the District, or if no time is specified by the District then within three (3) days and prior to submitting any invoices to the District. If Contractor does not respond or take action within the specified time period, and without limiting the District's remedies in any way, the District shall have the rights to, among other remedies available at law or in equity: fine Contractor One Hundred Dollars (\$100) per day through a reduction in the compensation; to withhold some or all of Contractor's payments under this Agreement; and to contract with outside sources to perform necessary services with all charges for such services to be deducted from Contractor's compensation. Any oversight by the District Representative of Contractor's Services is not intended to mean that the District shall underwrite, guarantee, or ensure that the Services is properly done by Contractor, and it is Contractor's responsibility to perform the Services in accordance with this Agreement.

- 5. **SUBCONTRACTORS.** The Contractor shall not award any of the Work to any subcontractor without prior written approval of the District. The Contractor shall be as fully responsible to the District for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as the Contractor is for the acts and omissions of persons directly employed by the Contractor. Nothing contained herein shall create contractual relations between any subcontractor and the District.
- 6. **EFFECTIVE DATE.** This Agreement shall be binding and effective as of the date that the Agreement is signed by the last of the Parties hereto, and shall remain in effect as set forth in Section 7, unless terminated in accordance with the provisions of this Agreement.

7. **COMPENSATION; TERM.**

- a. Work under this Agreement shall begin October 1,2021 and end September 30, 2021 ("Initial Term"), unless terminated earlier pursuant to the terms of this Agreement. At the end of the Initial Term, this Agreement may be eligible for three (3) annual renewals with the same terms set forth herein, in the District's sole discretion.
- c. Additional Work. Should the District desire that the Contractor provide additional work and/or services relating to the District's landscaping and irrigation systems, such additional work and/or services shall be fully performed by the Contractor after prior approval of a required Additional Services Order ("ASO"). The Contractor agrees that the District shall not be liable for the payment of any additional work and/or services unless the District first authorizes the Contractor to perform such additional work and/or services through an authorized and fully executed change order. The Contractor shall be compensated for such agreed additional work and/or services based upon a payment amount derived from the prices set forth in the Contractor's

- proposal pricing (attached as part of **EXHIBIT B**). Nothing herein shall be construed to require the District to use the Contractor for any such additional work and/or services, and the District reserves the right to retain a different contractor to perform any additional work and/or services.
- d. Payments by District. The Contractor shall maintain records conforming to usual accounting practices. Further, the Contractor agrees to render monthly invoices to the District, in writing, which shall be delivered or mailed to the District by the fifth (5th) day of the next succeeding month. Each monthly invoice shall contain, at a minimum, the District's name, the Contractor's name, the invoice date, an invoice number, an itemized listing of all costs billed on the invoice with a description of each sufficient for the District to approve each cost, the time frame within which the services were provided, and the address or bank information to which payment is to be remitted. Consistent with Florida's Prompt Payment Act, Section 218.70 et al. of the Florida Statutes, these monthly invoices are due and payable within forty-five (45) days of receipt by the District.
- e. Payments by Contractor. Subject to the terms herein, Contractor will promptly pay in cash for all costs of labor, materials, services and equipment used in the performance of the Work, and upon the request of the District, Contractor will provide proof of such payment. Contractor agrees that it shall comply with Section 218.735(6), Florida Statutes, requiring payments to subcontractors and suppliers be made within ten (10) days of receipt of payment from the District. Unless prohibited by law, District may at any time make payments due to Contractor directly or by joint check, to any person or entity for obligations incurred by Contractor in connection with the performance of Work, unless Contractor has first delivered written notice to District of a dispute with any such person or entity and has furnished security satisfactory to District insuring against claims therefrom. Any payment so made will be credited against sums due Contractor in the same manner as if such payment had been made directly to Contractor. The provisions of this Section are intended solely for the benefit of District and will not extend to the benefit of any third persons, or obligate District or its sureties in any way to any third party. Subject to the terms of this Section, Contractor will at all times keep the District's property, and each part thereof, free from any attachment, lien, claim of lien, or other encumbrance arising out of the Work. The District may demand, from time to time in its sole discretion, that Contractor provide a detailed listing of any and all potential lien claimants (at all tiers) involved in the performance of the Work including, with respect to each such potential lien claimant, the name, scope of Work, sums paid to date, sums owed, and sums remaining to be paid. Contractor waives any right to file mechanic's and construction liens.

8. INSURANCE.

- a. At the Contractor's sole expense, the Contractor shall maintain throughout the term of this Agreement the following insurance:
 - i. WORKERS' COMPENSATION/EMPLOYER'S LIABILITY: Contractor will provide Workers' Compensation insurance on behalf of all employees who are to provide a service under this Contract, as required under applicable Florida Statutes AND Employer's Liability with limits of not less than \$100,000.00 per employee per accident, \$500,000.00 disease aggregate, and \$100,000.00 per employee per disease.
 - ii. COMMERCIAL GENERAL LIABILITY: Commercial General Liability including but not limited to bodily injury, property damage, contractual, products and completed operations, and personal injury with limits of not less than

- \$2,000,000.00 per occurrence, \$2,000,000.00 aggregate covering all work performed under this Contract.
- iii. AUTOMOBILE LIABILITY: Including bodily injury and property damage, including all vehicles owned, leased, hired and non-owned vehicles with limits of not less than \$2,000,000.00 combined single limit covering all work performed under this Contract.
- iv. UMBRELLA LIABILITY: With limits of not less than \$2,000,000.00 per occurrence covering all work performed under this Contract.
- b. Each insurance policy required by this Contract shall:
 - i. Apply separately to each insured against whom claim is made and suit is brought, except with respect to limits of the insurer's liability.
 - ii. Be endorsed to state that coverage shall not be suspended, voided, or canceled by either party except after 30 calendar days prior written notice, hasbeen given to the District.
 - iii. Be written to reflect that the aggregate limit will apply on a per claim basis.
- c. The District shall retain the right to review, at any time, coverage, form, and amount of insurance. All insurance certificates, and endorsements, shall be received by the District before the Contractor shall commence or continue work.
- d. The procuring of required policies of insurance shall not be construed to limit Contractor's liability or to fulfill the indemnification provisions and requirements of this Agreement.
- e. The Contractor shall be solely responsible for payment of all premiums for insurance contributing to the satisfaction of this Agreement and shall be solely responsible for the payment of all deductibles and retentions to which such policies are subject, whether or not the District is an insured under the policy.
- f. Notices of accidents (occurrences) and notices of claims associated with work being performed under this Contract shall be provided to the Contractor's insurance company and to the District as soon as practicable after notice to the insured.
- g. Insurance requirements itemized in this Contract and required of the Contractor shall be provided on behalf of all sub-contractors to cover their operations performed under this Contract. The Contractor shall be held responsible for any modifications, deviations, or omissions in these insurance requirements as they apply to sub-contractors.
- h. All policies required by this Agreement, with the exception n of Workers' Compensation, or unless specific approval is given by the District, are to be written on an occurrence basis, shall name the District, its Supervisors, Officers, agents, employees, and representatives as additional insured as their interest may appear under this Agreement. Insurer(s), with the exception of Workers' Compensation on non-leased employees, shall agree to waive all rights of subrogation against the District, its Supervisors, Officers, agents, employees or representatives.
- i. If the Contractor fails to have secured and maintained the required insurance, the District has the right (without any obligation to do so, however), to secure such required insurance in which event, the Contractor shall pay the cost for that required insurance and shall furnish, upon demand, all information that may be required in connection with the District's obtaining the required insurance.
- **9. INDEMNIFICATION.** To the fullest extent permitted by law, and in addition to any other obligations of Contractor under the Agreement or otherwise, Contractor shall indemnify, hold harmless, and defend the District and its, supervisors, staff, officers, consultants, agents, subcontractors and employees of each and any of all of the foregoing entities and individuals (together, "Indemnitees") from all claims,

liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused, in part or in whole, by the negligence, recklessness, or intentionally wrongful misconduct of the Contractor, or any subcontractor, supplier, or any individual or entity directly or indirectly employed or used by any of the Contractor to perform any of the work. In the event that any indemnification, defense or hold harmless provision of this Contract is determined to be unenforceable, the provision shall be reformed to give the provision the maximum effect allowed by Florida law and for the benefit of the Indemnitees. The Contractor shall ensure that any and all subcontractors, and suppliers, include this express paragraph for the benefit of the Indemnitees. This section shall survive any termination of this Agreement.

- 10. LIMITATIONS ON GOVERNMENTAL LIABILITY. Nothing in this Agreement shall be deemed as a waiver of immunity or limits of liability of the District beyond any statutory limited waiver of immunity or limits of liability which may have been adopted by the Florida Legislature in Section 768.28, Florida Statutes, or other statute, and nothing in this Agreement shall inure to the benefit of any third party for the purpose of allowing any claim which would otherwise be barred under the Doctrine of Sovereign Immunity or by operation of law.
- 11. WARRANTY AND COVENANT. The Contractor warrants to the District that all materials furnished under this Agreement shall be new, and that all services and materials shall be of good quality, free from faults and defects. The Contractor hereby warrants any materials and services for a period of one (1) year after acceptance by the District or longer as required under Florida law. With respect to any and all plant material provided pursuant to this Agreement or any separate work authorization issued hereunder, all plant material shall be guaranteed to be in a satisfactory growing condition and to live for a period of one (1) year from planting except for annuals, which will be replaced seasonally. All plants that fail to survive under the guarantee shall be replaced as they fail with the same type and size as originally specified. Contractor further warrants to the District those warranties which Contractor otherwise warrants to others and the duration of such warranties is as provided by Florida law unless longer guarantees or warranties are provided for elsewhere in the Agreement (in which case the longer periods of time shall prevail). Contractor shall replaceor repair warranted items to the District's satisfaction and in the District's discretion. Neither final acceptance of the services, nor monthly or final payment therefore, nor any provision of the Agreement shall relieve Contractor of responsibility for defective or deficient materials or services. If any of the services or materials are found to be defective, deficient or not in accordance with the Agreement, Contractor shall correct remove and replace it promptly after receipt of a written notice from the District and correct and pay for any other damage resulting therefrom to District property or the property of landowners within the District. Contractor hereby certifies it is receiving the property in its as-is condition and has thoroughly inspected the property and addressed any present deficiencies, if any, with the District. Contractor shall be responsible for maintaining and warranting all plant material maintained by Contractor as of the first date of the services.

Contractor hereby covenants to the District that it shall perform the services: (i) using its best skill and judgment and in accordance with generally accepted professional standards and (ii) in compliance with all applicable federal, state, county, municipal, building and zoning, land use, environmental, public safety, non-discrimination and disability accessibility laws, codes, ordinances, rules and regulations, permits and approvals (including any permits and approvals relating to water rights), including, without limitation, all professional registration (both corporate and individual) for all required basic disciplines that it shall perform. Contractor hereby covenants to the District that any work product of the Contractor shall not call for the use nor infringe any patent, trademark, services mark, copyright or other proprietary interest claimed or held by any person or business entity absent prior written consent from the District.

12. **ENVIRONMENTAL ACTIVITIES.** The Contractor agrees to use best management practices, consistent with industry standards, with respect to the storage, handling and use of chemicals (e.g., fertilizers, pesticides, etc.) and fuels. The Contractor shall keep all equipment clean (e.g., chemical sprayers) and properly dispose of waste. Further, the Contractor shall immediately notify the District of any chemical or fuel spills.

The Contractor shall be responsible for any environmental cleanup, replacement of any turf or plants harmed from chemical burns, and correcting any other harm resulting from the Work to be performed by Contractor.

- 13. **ACCEPTANCE OF THE SITE.** By executing this Agreement, the Contractor agrees that the Contractor was able to inspect the site prior to the time of submission of the proposal, and that the site is consistent with local community standards and that there are no deficiencies. The Contractor agrees to be responsible for the care, health, maintenance, and replacement, if necessary, of the existing landscaping and irrigation system, in its current condition, and on an "as is" basis. No changes to the compensation set forth in this Agreement shall be made based on any claim that the existing landscaping and/or site conditions were not in good condition.
- 14. **TAX EXEMPT DIRECT PURCHASES.** The parties agree that the District, in its discretion, may elect to undertake a direct purchase of any or all materials used for the landscaping services, including but not limited to the direct purchase of fertilizer. In such event, the following conditions shall apply:
 - (a) The District may elect to purchase any or all materials directly from a supplier identified by Contractor.
 - (b) Contractor shall furnish detailed Purchase Order Requisition Forms ("Requisitions") for all materials to be directly purchased by the District.
 - (c) Upon receipt of a Requisition, the District shall review the Requisition and, if approved, issue its own purchase order directly to the supplier, with delivery to be made to the District on an F.O.B. job site basis.
 - (d) The purchase order issued by the District shall include the District's consumer certificate of exemption number issued for Florida sales and use tax purposes.
 - (e) Contractor will have contractual obligations to inspect, accept delivery of, and store the materials pending use of the materials as part of the landscaping services. The contractor's possession of the materials will constitute a bailment. The contractor, as bailee, will have the duty to safeguard, store and protect the materials while in its possession until returned to the District through use of the materials.
 - (f) After verifying that delivery is in accordance with the purchase order, Contractor will submit a list indicating acceptance of goods from suppliers and concurrence with the District's issuance of payment to the supplier. District will process the invoices and issue payment directly to the supplier.
 - (g) The District may purchase and maintain insurance sufficient to cover materials purchased directly by the District.
 - (h) All payments for direct purchase materials made by the District, together with any state or local tax savings, shall be deducted from the compensation provided for in this Agreement.
- 15. **COMPLIANCE WITH GOVERNMENTAL REGULATION.** The Contractor shall keep, observe, and perform all requirements of applicable local, State and Federal laws, rules, regulations, ordinances, permits, licenses, or other requirements or approvals. Further, the Contractor shall notify the District in writing within five (5) days of the receipt of any notice, order, required to comply notice, or a report

of a violation or an alleged violation, made by any local, State, or Federal governmental body or agency or subdivision thereof with respect to the services being rendered under this Agreement or any act or omission of the Contractor or any of its agents, servants, employees, or material men, or appliances, or any other requirements applicable to provision of services. Additionally, the Contractor shall promptly comply with any requirement of such governmental entity after receipt of any such notice, order, request to comply notice, or report of a violation or an alleged violation.

- 16. **DEFAULT AND PROTECTION AGAINST THIRD PARTY INTERFERENCE.** A default by either party under this Agreement shall entitle the other to all remedies available at law or in equity for breach of this Agreement, which may include, but not be limited to, the right of damages, injunctive relief, and/or specific performance. The District shall be solely responsible for enforcing its rights under this Agreement against any interfering third party. Nothing contained in this Agreement shall limit or impair the District's right to protect its rights from interference by a third party to this Agreement.
- 17. **CUSTOM AND USAGE.** It is hereby agreed, any law, custom, or usage to the contrary notwithstanding, that the District shall have the right at all times to enforce the conditions and agreements contained in this Agreement in strict accordance with the terms of this Agreement, notwithstanding any conduct or custom on the part of the District in refraining from so doing; and further, that the failure of the District at any time or times to strictly enforce its rights under this Agreement shall not be construed as having created a custom in any way or manner contrary to the specific conditions and agreements of this Agreement, or as having in any way modified or waived the same.
- 18. **SUCCESSORS.** This Agreement shall inure to the benefit of and be binding upon the heirs, executors, administrators, successors, and assigns of the Parties to this Agreement, except as expressly limited in this Agreement.
- 19. **TERMINATION.** The District agrees that the Contractor may terminate this Agreement with cause by providing ninety (90) days written notice of termination to the District; provided, however, that the District shall be provided a reasonable opportunity to cure any failure under this Agreement. The Contractor agrees that, notwithstanding any other provision of this Agreement, and regardless of whether any of the procedural steps set forth in Section 4 of this Agreement are taken, the District may terminate this Agreement immediately with cause by providing written notice of termination to the Contractor. The District shall provide thirty (30) days written notice of termination without cause. Any termination by the District shall not result in liability to the District for consequential damages, lost profits, or any other damages or liability. However, upon any termination of this Agreement by the District, and as Contractor's sole remedy, the Contractor shall be entitled to payment for all Work and/or services rendered up until the effective termination of this Agreement, subject to whatever claims or off-sets the District may have against the Contractor.
- 20. **PERMITS AND LICENSES.** All permits or licenses necessary for the Contractor to perform under this Agreement shall be obtained and paid for by the Contractor.
- 21. **E-VERIFY REQUIREMENTS.** The Contractor shall comply with and perform all applicable provisions of Section 448.095, *Florida Statutes*.
- 22. **ASSIGNMENT.** Neither the District nor the Contractor may assign this Agreement without the prior written approval of the other, which approval shall not be unreasonably withheld. Any purported assignment of this Agreement without such prior written approval shall be void.
- 23. **INDEPENDENT CONTRACTOR STATUS.** In all matters relating to this Agreement, the Contractor shall be acting as an independent Contractor. Neither the Contractor nor employees of the

Contractor, if there are any, are employees of the District under the meaning or application of any Federal or State Unemployment or Insurance Laws or Old Age Laws or otherwise. The Contractor agrees to assume all liabilities or obligations imposed by any one or more of such laws with respect to employees of the Contractor, if there are any, in the performance of this Agreement. The Contractor shall not have any authority to assume or create any obligation, express or implied, on behalf of the District and the Contractor shall have no authority to represent the District as an agent, employee, or in any other capacity, unless otherwise set forth in this Agreement.

- 24. **HEADINGS FOR CONVENIENCE ONLY.** The descriptive headings in this Agreement are for convenience only and shall neither control nor affect the meaning or construction of any of the provisions of this Agreement.
- 25. **AGREEMENT.** This instrument, together with its attachments which are hereby incorporated herein, shall constitute the final and complete expression of this Agreement between the District and Contractor relating to the subject matter of this Agreement.
- 26. **ENFORCEMENT OF AGREEMENT**. In the event that either the District or the Contractor is required to enforce this Agreement by court proceedings or otherwise, then the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorneys' fees, paralegal fees and costs fortrial, mediation, or appellate proceedings.
- 27. **AMENDMENTS.** Amendments to and waivers of the provisions contained in this Agreement may be made only by an instrument in writing which is executed by both the District and the Contractor.
- 28. **AUTHORIZATION.** The execution of this Agreement has been duly authorized by the appropriate body or official of the District and the Contractor, both the District and the Contractor have complied with all the requirements of law, and both the District and the Contractor have full power and authority to comply with the terms and provisions of this instrument.
- 29. **NOTICES.** Any notice, demand, request or communication required or permitted hereunder ("Notice") shall be in writing and sent by hand delivery, United States certified mail, or by recognized overnight delivery service, addressed as follows:

A.	If to the District:	Silverado Community Development District 2300 Glades Road, Suite 410W Boca Raton, Florida 33431 Attn: District Manager
	With a copy to:	KE Law Group, PLLC P.O. Box 6386 Tallahassee, Florida 32314 Attn: District Counsel
В.	If to Contractor:	Attn:

Except as otherwise provided in this Agreement, any Notice shall be deemed received only upon actual delivery at the address set forth above. Notices delivered after 5:00 p.m. (at the place of delivery) or on a non-

business day, shall be deemed received on the next business day. If any time for giving Notice contained in this Agreement would otherwise expire on a non-business day, the Notice period shall be extended to the next succeeding business day. Saturdays, Sundays, and legal holidays recognized by the United States government shall not be regarded as business days. Counsel for the District and counsel for the Contractor may deliver Notice on behalf of the District and the Contractor. Any party or other person to whom Notices are to be sent or copied may notify the other parties and addressees of any change in name or address to which Notices shall be sent by providing the same on five (5) days written notice to the parties and addressees set forth herein.

- 30. **THIRD PARTY BENEFICIARIES.** This Agreement is solely for the benefit of the District and the Contractor and no right or cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement expressed or implied is intended or shall be construed to confer upon any person or corporation other than the District and the Contractor any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and all of the provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and shall be binding upon the District and the Contractor and their respective representatives, successors, and assigns.
- 31. **CONTROLLING LAW AND VENUE.** This Agreement and the provisions contained in this Agreement shall be construed, interpreted, and controlled according to the laws of the State of Florida. Venue for any legal actions regarding this Agreement shall be Pasco County, Florida.
- 32. PUBLIC RECORDS. The Contractor understands and agrees that all documents of any kind provided to the District in connection with this Agreement may be public records, and, accordingly, Contractor agrees to comply with all applicable provisions of Florida law in handling such records, including but not limited to Section 119.0701, Florida Statutes. Contractor acknowledges that the designated public records custodian for the District is Wrathell, Hunt & Associates, LLC ("Public Records Custodian"). Among other requirements and to the extent applicable by law, the Contractor shall 1) keep and maintain public records required by the District to perform the service; 2) upon request by the Public Records Custodian, provide the District with the requested public records or allow the records to be inspected or copied within a reasonable time period at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes; 3) ensure that public records which are exempt or confidential, and exempt from public records disclosure requirements, are not disclosed except as authorized by law for the duration of the contract term and following the contract term if the Contractor does not transfer the records to the Public Records Custodian of the District; and 4) upon completion of the contract, transfer to the District, at no cost, all public records in Contractor's possession or, alternatively, keep, maintain and meet all applicable requirements for retaining public records pursuant to Florida laws. When such public records are transferred by the Contractor, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the District in a format that is compatible with Microsoft Word or Adobe PDF formats.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (877)276-0889, OR BY EMAIL AT WRATHELLC@WHHASSOCIATES.COM, OR BY REGULAR MAIL AT 2300 GLADES ROAD, SUITE 410W, BOCA RATON, FLORIDA 33431.

- 33. **SEVERABILITY.** The invalidity or unenforceability of any one or more provisions of this Agreement shall not affect the validity or enforceability of the remaining portions of this Agreement, or any part of this Agreement not held to be invalid or unenforceable.
- 34. **ARM'S LENGTH TRANSACTION.** This Agreement has been negotiated fully between the District and the Contractor as an arm's length transaction. The District and the Contractor participated fully in the preparation of this Agreement with the assistance of their respective counsel. SCOPE OF SERVICES

SCOPE OF SERVICES

Basic Scope of Work:

- The amenity, the entrance monument and all Common Areas shall be serviced weekly May 1st thru October 31st, twice monthly from November 1st to April 30th.
- Contractor shall perform the planning and execution of all regularly recurring tasks during the hours of 7 am to 5 pm Monday to Friday.
- If District service is assigned to a specific, reoccurring day of the week and that service falls on a holiday where service is not provided, Contractor shall perform shall schedule and complete that service on the next business day.
- Well groomed, professional employees will make every effort to complete the work as planned in a neat and professional manor. Delays due to Acts of God or Others shall be made up at the earliest possible time.

Turf Maintenance

Mowing:

- High powered rotary mowers will be used by contractor to provide a neat and clean appearance.
- Retention areas, and other areas to wet for proper mowing, will be mowed by contractor when the ground is firm enough to allow normal mowing procedures, so that tire ruts do not occur.
- Mowing and hand trimming of retention ponds will be to the edge where Bahia sod has been laid (not seeded).
- At no time under this contract will areas that are not sodded or are rutted up by erosion or other means, be mowed or hand trimmed.

Edging and String Trimming:

- Shall be done on a weekly basis during standard mowing scheduled visits.
- A steel blade edger will be used for curbs, sidewalks, and plant beds.
- A string trimmer will be used for all other surfaces requiring a neat and trim look.

Blowing Clean:

• High powered blowers will be used to blow off all hard surfaces affected by mowing and trimming equipment during each site visit.

Fertilization, Weed and Insect Control

• Turf will be fertilized with a NPK blend of 24-2-11 or 16-4-8 along with minor elements, fungicides, insecticides, and granular herbicides, 6x a year starting in January.

Shrub Maintenance

- <u>Pruning of Shrubs</u>: Done on a timely basis using a rotation schedule to ensure a neat and uniform appearance.
- *Plant Beds*: Weed control of planted beds will be done on weekly site visits using chemical applications.
- Fertilization: See Fertilizer Schedule

Tree Maintenance

- Minor limb maintenance (limbs under 1" caliper) that hinder pedestrian or vehicle traffic will be done as needed throughout the year and be included in proposed bid.
- Major tree and limb pruning (limbs larger than 1" caliber) will done on a separate purchase order (PO) and be submitted for approval to the Field Operations Manager or District Manager for review and approval by the District.

Irrigation service:

Main Irrigation controller is located at 6285 Silverado Ranch Blvd, near the dog park.

- Once per month the irrigation system will be run manually by to ensure the proper maintenance of;
 - o Proper rotation of sprinkler rotors and spray heads
 - o All heads are clear of turf so they 'pop up' when system and zone is running.

Damaged sprinklers:

- o If damage occurs from contractor's equipment it will be fixed at no charge to the District.
- If damage to irrigation system occurs by any other events or persons not associated with contractor or due to Acts of God, it shall be fixed at cost of materials plus labor. Contractor will submit PO for approval to the Field Operations Manager or District Manager for review and approval by the District.
- Note: For new construction Pasco County allows watering every day for the first 30 days.

Pine Straw:

Apply approximately 1.5" top dressing over existing pine straw areas between November and February to the following areas as approved by District. Pine Straw to be invoiced at time of application. The primary application points for the pine straw are surrounding the amenity and the monument located at the entrance to the community, however Contract will review other areas for additional application requirements.

Annuals:

The District does not have Annuals planned at the entrance monument or amenity currently, but may choose to in the future. Contractor will provide price and cost of installation for annuals on a per unit basis for comparison, should the District wish to add in the next calendar year.

Fertilizer Schedule:

- Turf will be fertilized with a NPK blend of 24-2-11 or 16-4-8 along with minor elements, fungicides, insecticides and granular herbicides, 6x a year starting in January.
- Hardwood trees will be fertilized with a 12-6-6 or 8-10-10 blend at a rate of 2lbs of nitrogen per 1000 sf of canopy area, 4x a year (March, May, August, October)
- Minor elements shall be included in fertilizer blends
- Herbicide and Insecticide dry formulation mixed during spring and summer months' applications.
- These fertilizer blends and applications will control most issues that cause damage from weed infestation, fungus, and insect populations.

SILVERADO COMMUNITY DEVELOPMENT DISTRICT

MEMORANDUM

To: District Manager

District Engineer

From: District Counsel

Date: October 12, 2021

Subject: Stormwater Management Needs Analysis

(Chapter 2021-194, Laws of Florida/HB53)

We are writing with an update regarding the new law requiring special districts that either own or operate stormwater management systems, stormwater management programs or wastewater services to create a 20-year needs analysis of such system(s).

The Office of Economic and Demographic Research ("OEDR") recently promulgated additional details and an excel template for reporting the stormwater needs analyses (attached hereto for reference). Similar documents for the wastewater needs analyses will be available soon at which time we will again supplement this memorandum.

A brief summary of the new law and its requirements were set forth in our previous memorandum, attached to this memorandum for your reference in **Exhibit A**. Please feel free to contact us with any questions.

When is the deadline?

For both wastewater and stormwater, the first analysis must be submitted by **June 30, 2022** and updated every five (5) years thereafter. The needs analysis, along with the methodology and any supporting data necessary to interpret the results, must be submitted to the county in which the largest portion of the service area or stormwater system is located.

What steps should the District take?

- District engineers should review the stormwater needs analysis excel workbook and submit a work authorization for approval by the District's Board prior to commencing work. We recommend presenting the work authorization to the Board as soon as is practical, but no later than the first quarter of 2022.
- District managers should review the stormwater needs analysis excel workbook and start entering information that is readily available. The district manager may be able to complete the "background information" section and provide data on stormwater O&M expenditures, among other assistance.
- Once the work authorization is approved, the district manager should work with the district engineer to complete the remainder of the stormwater needs analyses with the final version submitted to the District no later than May 15, 2022.

• In some cases, districts may require outside consulting or evaluation to complete the needs analyses. Since the necessity of this additional step may not be immediately apparent, we recommend that district managers begin coordinating with their engineers as soon as possible.

MEMORANDUM

To: District Manager, District Engineer

From: District Counsel

Date: September 7, 2021

Subject: Wastewater Services and Stormwater Management Needs Analysis

(Chapter 2021-194, Laws of Florida/HB53)

We are writing to inform you of a new law requiring special districts that either own or operate stormwater management systems, stormwater management programs or wastewater services to create a 20-year needs analysis of such system(s). The requirements relating to wastewater services are found in Section 4 of Chapter 2021-194, Laws of Florida, creating Section 403.9301, Florida Statutes, and the requirements relating to stormwater management programs and systems are found in Section 5 of Chapter 2021-194, Laws of Florida, creating Section 403.9302, Florida Statutes (attached hereto for reference).

A brief summary of the new law and its requirements is set forth below. Please feel free to contact us with any questions.

What is required?

The Office of Economic and Demographic Research ("OEDR") is expected to promulgate additional details about the requirements of the needs analyses. However, certain general requirements are set forth in the new law.

For wastewater services, the needs analysis must include:

- a) A detailed description of the facilities used to provide wastewater services.
- b) The number of current and projected connections and residents served calculated in 5-year increments.
- c) The current and projected service area for wastewater services.
- d) The current and projected cost of providing wastewater services calculated in 5-year increments.
- e) The estimated remaining useful life of each facility or its major components.
- f) The most recent 5-year history of annual contributions to, expenditures from, and balances of any capital account for maintenance or expansion of any facility or its major components.
- g) The local government's plan to fund the maintenance or expansion of any facility or its major components. The plan must include historical and estimated future revenues and expenditures with an evaluation of how the local government expects to close any projected funding gap.

For stormwater management programs and stormwater management systems, the needs analysis must include:

- a) A detailed description of the stormwater management program or stormwater management system and its facilities and projects.
- b) The number of current and projected residents served calculated in 5-year increments.

- c) The current and projected service area for the stormwater management program or stormwater management system.
- d) The current and projected cost of providing services calculated in 5-year increments.
- e) The estimated remaining useful life of each facility or its major components.
- f) The most recent 5-year history of annual contributions to, expenditures from, and balances of any capital account for maintenance or expansion of any facility or its major components.
- g) The local government's plan to fund the maintenance or expansion of any facility or its major components. The plan must include historical and estimated future revenues and expenditures with an evaluation of how the local government expects to close any projected funding gap.

When is the deadline?

For both wastewater and stormwater, the first analysis must be created by **June 30, 2022**, and the analysis must be updated every five (5) years thereafter. The needs analysis, along with the methodology and any supporting data necessary to interpret the results, must be submitted to the county in which the largest portion of the service area or stormwater system is located.

What steps should districts take?

District engineers and district managers should begin by evaluating what information is already available to the district, and what new information may need to be gathered. Each district should approve a work authorization for their district engineer to create the needs analysis report and should consider proposals for any outside consulting or evaluation that may be necessary, though in most cases we expect this will not be required. In order to provide ample time for completion of the necessary needs analysis reports, we recommend presenting these items for board consideration no later than the first quarter of 2022, or as soon thereafter as is practical. OEDR is anticipated to provide further guidelines for the reporting requirements, none of which we expect to be particularly burdensome, and which will likely include information readily available to districts' engineering and/or environmental professionals. Once we receive further guidance, we will supplement this informational memorandum.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (2) of section 255.0991, Florida Statutes, is amended to read:

 $255.0991\,$ Contracts for construction services; prohibited local government preferences.—

(2) For <u>any</u> a competitive solicitation for construction services <u>paid</u> for <u>with any</u> in which 50 percent or more of the cost will be paid from state-appropriated funds which have been appropriated at the time of the competitive solicitation, a state college, county, municipality, school district, or other political subdivision of the state may not use a local ordinance or regulation <u>to prevent</u> a certified, licensed, or registered contractor,

subcontractor, or material supplier or carrier, from participating in the bidding process that provides a preference based upon:

- (a) The contractor's Maintaining an office or place of business within a particular local jurisdiction;
- (b) The contractor's Hiring employees or subcontractors from within a particular local jurisdiction; or
- (c) The contractor's Prior payment of local taxes, assessments, or duties within a particular local jurisdiction.
- Section 2. Paragraph (b) of subsection (1) and subsections (2) and (3) of section 255.0992, Florida Statutes, are amended to read:
 - 255.0992 Public works projects; prohibited governmental actions.—
 - (1) As used in this section, the term:
- (b) "Public works project" means an activity exceeding \$1 million in value that is of which 50 percent or more of the cost will be paid for with any from state-appropriated funds that were appropriated at the time of the competitive solicitation and which consists of the construction, maintenance, repair, renovation, remodeling, or improvement of a building, road, street, sewer, storm drain, water system, site development, irrigation system, reclamation project, gas or electrical distribution system, gas or electrical substation, or other facility, project, or portion thereof that is owned in whole or in part by any political subdivision.
- (2)(a) Except as required by federal or state law, the state or any political subdivision that contracts for a public works project may not take the following actions:
- (a) Prevent a certified, licensed, or registered contractor, subcontractor, or material supplier or carrier, from participating in the bidding process based on the geographic location of the company headquarters or offices of the contractor, subcontractor, or material supplier or carrier submitting a bid on a public works project or the residences of employees of such contractor, subcontractor, or material supplier or carrier.
- (b) Require that a contractor, subcontractor, or material supplier or carrier engaged in a public works such project:
- 1. Pay employees a predetermined amount of wages or prescribe any wage rate;
- 2. Provide employees a specified type, amount, or rate of employee benefits;
 - 3. Control, limit, or expand staffing; or

- 4. Recruit, train, or hire employees from a designated, restricted, or single source.
- (c)(b) The state or any political subdivision that contracts for a public works project may not Prohibit any contractor, subcontractor, or material supplier or carrier able to perform such work that who is qualified, licensed, or certified as required by state or local law to perform such work from receiving information about public works opportunities or from submitting a bid on the public works project. This paragraph does not apply to vendors listed under ss. 287.133 and 287.134.
 - (3) This section does not apply to the following:
 - (a) Contracts executed under chapter 337.
- (b) A use authorized by s. 212.055(1) which is approved by a majority vote of the electorate of the county or by a charter amendment approved by a majority vote of the electorate of the county.
- Section 3. Paragraph (e) is added to subsection (1) of section 403.928, Florida Statutes, to read:
- 403.928 Assessment of water resources and conservation lands.—The Office of Economic and Demographic Research shall conduct an annual assessment of Florida's water resources and conservation lands.
- (1) WATER RESOURCES.—The assessment must include all of the following:
- (e) Beginning with the assessment due January 1, 2022, an analysis of the expenditures necessary to repair, replace, and expand water-related infrastructure. As part of this analysis, the office shall periodically survey public and private utilities.
 - Section 4. Section 403.9301, Florida Statutes, is created to read:
 - 403.9301 Wastewater services projections.—
- (1) The Legislature intends for each county, municipality, or special district providing wastewater services to create a 20-year needs analysis.
 - (2) As used in this section, the term:
- (a) "Domestic wastewater" has the same meaning as provided in s. 367.021.
- (b) "Facility" means any equipment, structure, or other property, including sewerage systems and treatment works, used to provide wastewater services.
- (c) "Treatment works" has the same meaning as provided in s. 403.031(11).

- (d) "Wastewater services" means service to a sewerage system, as defined in s. 403.031(9), or service to domestic wastewater treatment works.
- (3) By June 30, 2022, and every 5 years thereafter, each county, municipality, or special district providing wastewater services shall develop a needs analysis for its jurisdiction over the subsequent 20 years. In projecting such needs, each local government shall include the following:
- (a) A detailed description of the facilities used to provide wastewater services.
- (b) The number of current and projected connections and residents served calculated in 5-year increments.
 - (c) The current and projected service area for wastewater services.
- (d) The current and projected cost of providing wastewater services calculated in 5-year increments.
- (e) The estimated remaining useful life of each facility or its major components.
- (f) The most recent 5-year history of annual contributions to, expenditures from, and balances of any capital account for maintenance or expansion of any facility or its major components.
- (g) The local government's plan to fund the maintenance or expansion of any facility or its major components. The plan must include historical and estimated future revenues and expenditures with an evaluation of how the local government expects to close any projected funding gap.
- (4) Upon completing the requirements of subsection (3), each municipality or special district shall submit its needs analysis, as well as the methodology and any supporting data necessary to interpret the results, to the county within which the largest portion of its service area is located. Each county shall compile all analyses submitted to it under this subsection into a single document and include its own analysis in the document. The county shall file the compiled document with the coordinator of the Office of Economic and Demographic Research no later than July 31, 2022, and every 5 years thereafter.
- (5) The Office of Economic and Demographic Research shall evaluate the compiled documents from the counties for the purpose of developing a statewide analysis for inclusion in the assessment due January 1, 2023, pursuant to s. 403.928.
- (6) This section applies to a rural area of opportunity as defined in s. 288.0656 unless the requirements of this section would create an undue economic hardship for the county, municipality, or special district in the rural area of opportunity.

- Section 5. Section 403.9302, Florida Statutes, is created to read:
- 403.9302 Stormwater management projections.—
- (1) The Legislature intends for each county, municipality, or special district providing a stormwater management program or stormwater management system to create a 20-year needs analysis.
 - (2) As used in this section, the term:
- (a) "Facility" means any equipment, structure, or other property, including conveyance systems, used or useful in connection with providing a stormwater management program or stormwater management system.
- (b) "Stormwater management program" has the same meaning as provided in s. 403.031(15).
- (c) "Stormwater management system" has the same meaning as provided in s. 403.031(16).
- (3) By June 30, 2022, and every 5 years thereafter, each county, municipality, or special district providing a stormwater management program or stormwater management system shall develop a needs analysis for its jurisdiction over the subsequent 20 years. In projecting such needs, each local government shall include the following:
- (a) A detailed description of the stormwater management program or stormwater management system and its facilities and projects.
- (b) The number of current and projected residents served calculated in 5-year increments.
- (c) The current and projected service area for the stormwater management program or stormwater management system.
- (d) The current and projected cost of providing services calculated in 5-year increments.
- (e) The estimated remaining useful life of each facility or its major components.
- (f) The most recent 5-year history of annual contributions to, expenditures from, and balances of any capital account for maintenance or expansion of any facility or its major components.
- (g) The local government's plan to fund the maintenance or expansion of any facility or its major components. The plan must include historical and estimated future revenues and expenditures with an evaluation of how the local government expects to close any projected funding gap.
- (4) Upon completing the requirements of subsection (3), each municipality or special district shall submit its needs analysis, as well as the

methodology and any supporting data necessary to interpret the results, to the county within which the largest portion of its stormwater management program or stormwater management system is located. Each county shall compile all analyses submitted to it under this subsection into a single document and include its own analysis in the document. The county shall file the compiled document with the Secretary of Environmental Protection and the coordinator of the Office of Economic and Demographic Research no later than July 31, 2022, and every 5 years thereafter.

- (5) The Office of Economic and Demographic Research shall evaluate the compiled documents from the counties for the purpose of developing a statewide analysis for inclusion in the assessment due January 1, 2023, pursuant to s. 403.928.
- (6) This section applies to a rural area of opportunity as defined in s. 288.0656 unless the requirements of this section would create an undue economic hardship for the county, municipality, or special district in the rural area of opportunity.
- Section 6. <u>The Legislature determines and declares that this act fulfills an important state interest.</u>

Section 7. This act shall take effect July 1, 2021.

Approved by the Governor June 29, 2021.

TEMPLATE FOR LOCAL GOVERNMENTS AND SPECIAL DISTRICTS FOR PERFORMING A STORMWATER NEEDS ANALYSIS PURSUANT TO SECTION 5 OF SECTION 403.9302, FLORIDA STATUTES

INTRODUCTION

As part of the 2021 regular session, the Legislature recognized the need for a long-term planning process for stormwater and wastewater. Section 403.9302, Florida Statutes, requires a 20-year needs analysis from the local governments providing stormwater services. Because this planning document is forward-looking, it will necessarily include a large number of assumptions about future actions. These assumptions should be based on any available information coupled with best professional judgment of the individuals completing the document. Completing this template by June 30, 2022, will fulfill the statutory requirements for the first round of 20-year needs analyses for stormwater. The template was generated by EDR in cooperation with local governments, Special Districts, the Florida Department of Environmental Protection (DEP), the Water Management Districts, the Florida Stormwater Association, private consultants, and others. Use of this tool will help ensure that information is compiled consistently for the Office of Economic & Demographic Research's (EDR) report to the Legislature.

For the purposes of this document, a stormwater management program and a stormwater management system are as defined in statute (s. 403.031(15) and (16), F.S., respectively; language provided here: https://www.flsenate.gov/Laws/Statutes/2021/403.031). Plainly speaking, the "program" is the institutional framework whereby stormwater management activities (MS4 NPDES permit activities, and other regulatory activities, construction, operation and maintenance, etc.) are carried out by the public authority. The "system" comprises the physical infrastructure that is owned and/or operated by the local government or special district that specifically is intended to control, convey or store stormwater runoff for treatment and flood protection purposes.

For the purposes of this document, the following guiding principles have been adopted:

- Stormwater systems or facilities owned and operated by any of the following are excluded from reporting requirements for local governments and special districts:
 - o Private entities or citizens
 - o Federal government
 - o State government, including the Florida Department of Transportation (FDOT)
 - o Water Management Districts
 - o School districts
 - o State universities or Florida colleges
- Local government expenditures associated with routine operation and maintenance are fully funded prior to commencing new projects and initiatives.
- Local government submissions will include the activities of dependent special districts. Only independent special districts report separately. For a list of all special districts in the state and their type (i.e., dependent or independent), please see the Department of Economic Opportunity's Official List of Special Districts at the following link: http://specialdistrictreports.floridajobs.org/webreports/alphalist.aspx.
- With respect to federal and state statutes and rulemaking, current law and current administration prevails throughout the 20-year period. In other words, the state's present legal framework (*i.e.*, the status quo) continues throughout the period.

GENERAL INSTRUCTIONS FOR USING THE TEMPLATE

Instructions for submitting the template are still under development. Additional information regarding submission and answers to frequently asked questions will be posted on EDR's website, along with other useful materials, here: http://edr.state.fl.us/Content/natural-resources/stormwaterwastewater.cfm

The statutory language forms the titles for each part. This template asks that you group your recent and projected expenditures in prescribed categories. A detailed list of the categories is provided in part 5.0. The same project should not appear on multiple tables in the jurisdiction's response unless the project's expenditures are allocated between those tables. All expenditures should be reported in \$1,000s (e.g., five hundred thousand dollars should be reported as \$500).

For any jurisdiction that is contracting with another jurisdiction where both could be reporting the same expenditure, please contact EDR for additional guidance. In situations where a reporting jurisdiction contracts with a non-reporting jurisdiction, (*i.e.*, FDOT, the water management districts, the state or federal government), the reporting jurisdiction should include the expenditures.

When reporting cost information, please only include the expenditures that have flowed, are flowing, or will likely flow through your jurisdiction's budget. While necessary to comply with the statute, the concept of "future expenditures" should be viewed as an expression of identified needs.

These projections are necessarily speculative and do not represent a firm commitment to future budget actions by the jurisdiction.

This Excel workbook contains three worksheets for data entry. (Along the bottom of the screen, the three tabs are highlighted green.) Empty cells with visible borders are unlocked for data entry. In the first tab, titled "Background through Part 4," the information requested is either text, a dropdown list (e.g., Yes or No), or a checkbox. The next tab, "Part 5 through Part 8," contains tables for expenditure or revenue data as well as some follow-up questions that may have checkboxes, lists, or space for text.

In Part 5 and Part 6, the expenditure tables have space for up to 5 projects. More projects can be listed in the "Additional Projects" tab. This tab contains a table with space for up to 200 additional projects. In order for these additional projects and expenditures to be correctly classified and included in the final totals, each project must be assigned a Project Type and Funding Source Type the from the dropdown lists in columns B and C.

Part 2. Detailed description of the stormwater management system and its facilities and projects (continued Section 403.9302(3)(a), F.S.)

A stormwater management system, as defined in the Introduction, includes the entire set of site design features and structural infrastructure for collection, conveyance, storage, infiltration, treatment, and disposal of stormwater. It may include drainage improvements and measures to prevent streambank channel erosion and habitat degradation. This section asks for a summary description of your stormwater management system. It is not necessary to provide geospatial asset data or a detailed inventory. For some, it may be possible to gather the required data from your Asset Management (AM) system. For others, data may be gathered from sources such as an MS4 permit application, aerial photos, past or ongoing budget investments, water quality projects, or any other system of data storage/management that is employed by the jurisdiction.

Please provide answers to the following questions regarding your stormwater system inventory. Enter zero (0) if your system does not include the component.

Part 3. The number of current and projected residents served calculated in 5-year increments (Section 403.9302(3)(b), F.S.)

Part 5.0 The current and projected cost of providing services calculated in 5-year increments (Section 403.9302(3)(d), F.S.)

Given the volume of services, jurisdictions should use the template's service groupings rather than reporting the current and projected cost of each individual service. Therefore, for the purposes of this document, "services" means:

- 1. Routine operation and maintenance (inclusive of the items listed in Part 1.3 of this document, ongoing administration, and non-structural programs)
- 2. Expansion (that is, improvement) of a stormwater management system.

Expansion means new work, new projects, retrofitting, and significant upgrades. Within the template, there are four categories of expansion projects

- 1. Flood protection, addressed in parts 5.2 and 5.3... this includes capital projects intended for flood protection/flood abatement
- 2. Water quality, addressed in part 5.2 and 5.3... this includes stormwater projects related to water quality improvement, such as BMAPs; projects to benefit natural systems through restoration or enhancement; and stormwater initiatives that are part of aquifer recharge projects
- 3. Resiliency, addressed in part 5.4... this includes all major stormwater initiatives that are developed specifically to address the effects of climate change, such as sea level rise and increased flood events
- 4. End of useful life replacement projects, addressed in part 6.0... this includes major expenses associated with the replacement of aging infrastructure

While numbers 3 and 4 have components that would otherwise fit into the first two categories, they are separately treated given their overall importance to the Legislature and other policymakers.

Expansion projects are further characterized as currently having either a committed funding source or no identified funding source. Examples of a committed funding source include the capacity to absorb the project's capital cost within current budget levels or forecasted revenue growth; financing that is underway or anticipated (bond or loan); known state or federal funding (appropriation or grant); special assessment; or dedicated cash reserves for future expenditure.

All answers should be based on local fiscal years (LFY, beginning October 1 and running through September 30). Please use nominal dollars for each year, but include any expected cost increases for inflation or population growth. Please check the EDR website for optional growth rate schedules that may be helpful.

If you have more than 5 projects in a particular category, please use the "Additional Projects" tab. There, you can use dropdown lists to choose the project category and whether there is a committed funding source, then enter the project name and expenditure amounts.

Part 5.1 Routine Operation and Maintenance

Please complete the table below, indicating the cost of operation and maintenance activities for the current year and subsequent five-year increments throughout the 20-year horizon. Your response to this part should exclude future initiatives associated with resiliency or major expenses associated with the replacement of aging infrastructure; these activities are addressed in subparts 5.4 and 6.0. However, do include non-structural programs like public outreach and education in this category.

If specific cost data is not yet available for the current year, the most recent (2020-21) O&M value can be input into the optional growth rate schedules (available on EDR's website as an Excel workbook). The most recent O&M value can be grown using the provided options for inflation, population growth, or some other metric of your choosing. If the growth in your projected total O&M costs is more than 15% over any five-year increment, please provide a brief explanation of the major drivers.

Part 5.2 Future Expansion (Committed Funding Source)

Please list expansion projects and their associated costs for the current year and subsequent five-year increments throughout the 20-year planning horizon. In this section, include stormwater system expansion projects or portions of projects with a committed funding source. If you include a portion of a project that is not fully funded, the project's remaining cost must be included in part 5.3, Expansion Projects with No Identified Funding Source.

Though many, if not most, stormwater projects benefit both flood protection and water quality, please use your best judgment to either allocate costs or simply select the primary purpose from the two categories below.

- 5.2.1 Flood Protection (Committed Funding Source): Provide a list of all scheduled new work, retrofitting and upgrades related to flood protection/flood abatement. Include infrastructure such as storage basins, piping and other conveyances, land purchases for stormwater projects, etc. Also include major hardware purchases such as vactor/jet trucks.
- 5.2.2 Water Quality Projects (Committed Funding Source): Please provide a list of scheduled water quality projects in your jurisdiction, such as treatment basins, alum injection systems, green infrastructure, water quality retrofits, etc., that have a direct stormwater component. The projected expenditures should reflect only those costs.
 - If you are party to an adopted BMAP, please include the capital projects associated with stormwater in this table. Include BMAP project number, cost to your jurisdiction, and year(s) that capital improvement costs are to be incurred. For reference, DEP publishes a complete list of adopted BMAP projects as an appendix in their Annual STAR Report.

Part 5.3 Future Expansion with No Identified Funding Source

Please provide a list of known expansion projects or anticipated need(s) without formal funding commitments(s), formal pledges, or obligations. If you included a portion of a project that was partially covered by a committed source in part 5.2 above, list the projects and their remaining costs below.

5.3.1 Future Flood Protection with No Identified Funding Source: Please provide a list of future flood protection/flood abatement projects, associated land purchases, or major hardware purchases that are needed in your jurisdiction over the next 20 years. Future needs may be based on Master Plans, Comprehensive Plan Elements, Water Control Plans, areas of frequent flooding, hydrologic and hydraulic modeling, public safety, increased frequency of maintenance, desired level of service, flooding complaints, etc.

5.3.2 Future Water Quality Projects with no Identified Funding Source: Please provide a list of future stormwater projects needed in your jurisdiction over the next 20 years that are primarily related to water quality issues. Future needs may be based on proximity to impaired waters or waters with total maximum daily loads (TMDLs), BMAPs, state adopted Restoration Plans, Alternative Restoration Plans, or other local water quality needs.

- If you are party to an adopted BMAP, please list capital projects associated with stormwater. Include BMAP project number, cost to your jurisdiction, and year(s) that capital improvement costs are to be incurred.
- List other future water quality projects, including those in support of local water quality goals as well as those identified in proposed (but not yet adopted) BMAPs.

Part 6.0 The estimated remaining useful life of each facility or its major components (Section 403.9302(3)(e), F.S.)

Rather than reporting the exact number of useful years remaining for individual components, this section is constructed to focus on infrastructure components that are targeted for replacement and will be major expenses within the 20-year time horizon. Major replacements include culverts and pipe networks, control structures, pump stations, physical/biological filter media, etc. Further, the costs of retrofitting when used in lieu of replacement (such as slip lining) should be included in this part. Finally, for the purposes of this document, it is assumed that open storage and conveyance systems are maintained (as opposed to replaced) and have an unlimited service life.

In order to distinguish between routine maintenance projects and the replacement projects to be included in this part, only major expenses are included here. A major expense is defined as any single replacement project greater than 5% of the jurisdiction's total O&M expenditures over the most recent five-year period (such as a project in late 2021 costing more than 5% of the O&M expenditures for fiscal years 2016-2017 to 2020-2021).

If you have more than 5 projects in a particular category, please use the "Additional Projects" tab. There, you can use dropdown lists to choose the project category and whether there is a committed funding source, then enter the project name and expenditure amounts.

Part 7.0 The most recent 5-year history of annual contributions to, expenditures from, and balances of any capital account for maintenance or expansion of any facility or its major components. (Section 403.9302(3)(f), F.S.)

This part of the template also addresses a portion of s. 403.9302(3)(g), F.S., by including historical expenditures. Many local governments refer to these as "actual" expenditures.

Consistent with expenditure projections, the jurisdiction's actual expenditures are categorized into routine O&M, expansion, resiliency projects, and replacement of aging infrastructure. Additionally, the table includes space for reserve accounts. EDR's interpretation of subparagraph 403.9302(3)(f), F.S., is that "capital account" refers to any reserve account developed specifically to cover future expenditures.

Note that for this table:

- Expenditures for local fiscal year 2020-21 can be estimated based on the most current information if final data is not yet available.
- Current Year Revenues include tax and fee collections budgeted for that fiscal year as well as unexpended balances from the prior year (balance forward or carry-over) unless they are earmarked for the rainy day or a dedicated reserve as explained in the following bullets.
- Bond proceeds should reflect only the amount expended in the given year.
- A reserve is a dedicated account to accumulate funds for a specific future expenditure.
- An all-purpose rainy day fund is a type of working capital fund typically used to address costs associated with emergencies or unplanned events.

The sum of the values reported in the "Funding Sources for Actual Expenditures" columns should equal the total "Actual Expenditures" amount. The cells in the "Funding Sources for Actual Expenditures" section will be highlighted red if their sum does not equal the "Actual Expenditures" total.

If you do not have a formal reserve dedicated to your stormwater system, please enter zero for the final two reserve columns.

Part 8.0 The local government's plan to fund the maintenance or expansion of any facility or its major components. The plan must include historical and estimated future revenues and expenditures with an evaluation of how the local government expects to close any projected funding gap (Section 403.9302(3)(g), F.S.)

In this template, the historical data deemed necessary to comply with s. 403.9302(3)(g), F.S., was included in part 7.0. This part is forward looking and includes a funding gap calculation. The first two tables will be auto-filled from the data you reported in prior tables. To do this, EDR will rely on this template's working definition of projects with committed funding sources, i.e., EDR assumes that all committed projects have committed revenues. Those projects with no identified funding source are considered to be unfunded. EDR has automated the calculation of projected funding gaps based on these assumptions.

THIRD ORDER OF BUSINESS

Public Hearing on Adoption of Fiscal Year 2021/2022 Budget

A. Proof/Affidavit of Publication

The affidavit of publication was included for informational purposes.

B. Consideration of Resolution 2021-09, Relating to the Annual Appropriations and Adopting the Budgets for the Fiscal Year Beginning October 1, 2021 and Ending September 30, 2022; Authorizing Budget Amendments; and Providing an Effective Date

Ms. Cerbone discussed the annual budget preparation processes and revenues and expenditures. She stated that the budget layout was different than the prior year. The CDD recently went through a change in Developer, District Management and Property and Operations Management. She reviewed the proposed Fiscal Year 2022 budget highlighting line item increases, decreases and adjustments, compared to the Fiscal Year 2021 budget and explained the reasons for any adjustments.

Ms. Moulton joined the meeting at 10:09 a.m.

Ms. Cerbone stated that three months working capital is typically established to cover expenses pending receipt of assessment revenue funds from the Tax Collector. She reviewed revenues and expenditures, use of unassigned funds and development of sufficient working capital. The "Definitions of General Fund Expenditures", on Page 3, would be reviewed and updated as necessary.

On MOTION by Mr. Cotter and seconded by Mr. Demby, with all in favor, the Public Hearing was opened.

Resident Takiyah Graham asked who monitors the cameras in the pool area.

Mr. Mazzoni stated the cameras were installed this year and monitoring funds were used for installation. The monitors are passively monitored and reviewed if there is an incident; active monitoring may be implemented at the Board's discretion.

Ms. Graham questioned the \$300 monthly charge. Mr. Mazzoni stated the monthly charge includes remote access to the cameras, remote camera service and setup via internet and the amenity area access system.

Ms. Graham asked if the \$122 internet charge is a double charge. Mr. Mazzoni stated it is not a double charge; it is related to camera maintenance processes. Active camera monitoring is not currently provided.

Ms. Graham asked if the CDD is being charged \$300 per month. Mr. Mazzoni stated that \$300 per month was budgeted but, while the Board may still choose to implement active monitoring it was not currently provided. Budgeted funds were used to install cameras in this budget year; in the next budget year, the Board might decide to add monitoring.

Ms. Stewart joined the meeting at 10:23 a.m.

On MOTION by Mr. Cotter and seconded by Ms. Moulton, with all in favor, the Public Hearing was closed.

Ms. Cerbone presented Resolution 2021-09.

On MOTION by Mr. Demby and seconded by Mr. Cotter, with all in favor, Resolution 2021-09, Relating to the Annual Appropriations and Adopting the Budgets for the Fiscal Year Beginning October 1, 2021 and Ending September 30, 2022, as amended to update the Page 3 "Definitions of General Fund Expenditures"; Authorizing Budget Amendments; and Providing an Effective Date, was adopted.

Ms. Cerbone stated that several representatives from responding firms were present. She recalled that the Board previously approved publication of a Request for Proposals (RFP) for Landscape and Irrigation Maintenance Services. The RFP was published, responses were received and Staff members reviewed the responses. There was quite a bit of variation in the responses so it was recommended that the Board consider rejecting all responses, publishing a new RFP, with an expanded scope of services requiring a mandatory on-site pre-bid meeting and.

Mr. Cotter asked for the timeline for making a change. Ms. Cerbone stated that the current provider would receive the required notice and the new firm would be consulted to provide adequate lead time to ensure staffing. The current budget is based upon the current expenses. Bids would be due a minimum of 30 days following publication of the RFP.

On MOTION by Ms. Moulton and seconded by Mr. Demby, with all in favor,

rejecting all responses to the Landscape and Irrigation Maintenance Services

RFP, authorizing Staff to amend the RFP with an expanded scope of services

ELEVENTH ORDER OF BUSINESS

Public Comments

Resident Lauren Hogard stated the black mailboxes get very hot in the sun and mail gets soaked when all the mailboxes are open during delivery. She asked for the Board to consider approving mailbox coverings to address this issue and noted that other communities have added structures. Mr. Cotter stated solutions implemented in other communities would be researched and this matter would be discussed at a future meeting. Ms. Cerbone stated she would forward the information to Mr. Cotter.

Resident Eric Martin felt that the landscape company does not cut behind the dog parks and the islands consistently. Mr. Mazzoni stated in some instances landscapers may make judgment calls due to concerns with water levels or the possibility of creating ruts in the grass. He stated if the CDD is notified of a specific issue the landscaping company will be contacted to address it. Mr. Cotter asked if the issue was consistent or sporadic. Mr. Martin stated it was sporadic but on several occasions the grass was not cut for two to three weeks. Mr. Mazzoni stated he would check with the vendor.

TWELFTH ORDER OF BUSINESS

Adjournment

There being nothing further to discuss, the meeting adjourned.

On MOTION by Mr. Cotter and seconded by Mr. Vincent, with all in favor, the meeting adjourned at 10:45 a.m.

SILVERADO CDD

SILVERADO COMMUNITY DEVELOPMENT DISTRICT

SILVERADO CDD FIELD OPERATIONS REPORT October 21, 2021 | Barry Mazzoni - Field Ops Manager

FIELD OPERATIONS TRANSITION:

As of December 1st, I will be transitioning into a new role with Access Management. In preparation for this change, we will be assigning a new team to Silverado CDD. Training for the team commenced on October 1st and will continue for 60 days.

Thank you for the opportunity to provide service and support to the Silverado Community Development District. Should either District staff or our team need anything from historical perspective, I will continue to be available as needed. I have every confidence that the new team assuming responsibility for the district will be just as strong, if not stronger than where we stand today.

Ron Brown
HOA Manager & Field Operations Manager
